

Easy Twin TWS Earphones

SKU: TEEARSETBT300TWSK

Twin TWS Earphones, Bluetooth V 4.2, with answer/end call button and music management, 300 mAh charging station, black colour

A CHOICE INFLUENCED BY ELEGANCE

Bluetooth Easy earphones represent a refined choice for all your daily needs. These stylish accessories enable you to answer calls and listen to music without wires getting in your way. Their trendy design **charging base** enables their repeated use after recharging.

CALLS AND MUSIC, THE WINNING MIX

These Easy earphones come with a built-in microphone and answer/end call button that also serves to play or pause your music. When you receive an incoming call, the music will **stop automatically**, so you can easily respond to friends or colleagues without having to press buttons. Once you have finished your call, the current track will resume immediately.

POCKET ENERGY

When the power level of the earphones runs out, they can be recharged using the 300 mAh **charging base**. This base is powered by the **USB - Micro USB** cable supplied in the package. Once charged, the base becomes an energy store that you can take with you and use to recharge the earphones 3 times without cables.

After inserting them in the appropriate holes, press the central button inside the base: the Easy earphones will switch off and the recharge will start.

CHARACTERISTICS:

- Bluetooth V. 4.2
