

## Twin TWS Beat Earphones

SKU: TEEARSETBTBEATTWSK

### Twin TWS Earphones, Bluetooth V 5.0, with multifunction buttons, 500 mAh charging base, black colour

#### REFINED AND ELEGANT: CHOOSE BEAT

Stand out with the **Twin Bluetooth Beat earphones**: the winning mix that combines elegance and modernity to perfection. Thanks to the charging base you can not only store them but also charge them once their power runs out.

#### CALLS AND MUSIC WITH A SINGLE SOUND

One of the key features of these Bluetooth headsets is definitely the **DSP technology**. It's a unique system that allows the elimination of background noises and reverberations: the sound, both in-call and when listening to music, is therefore crisp and clear.

#### TECHNOLOGY AT YOUR SERVICE

Thanks to the **multi-function button** on each individual earphone, you can pause music or switch from one track to another with ease. You will also be able to answer, reject or end calls. When you receive a phone call these accessories will remain in stereo mode.

#### STORING AND POWER

When the power level of the earphones runs out, you can charge them via the **500 mAh charging base**. This base is powered by a USB - Micro USB cable that you will find in the package. Once charged, the base turns into a portable power source that you can carry with you and use to charge the earphones more than 3 times without the need for cables. After placing them in the appropriate slots, you have to press the central button inside the base: the Beats will switch off and charging will start.

#### FEATURES:

- Bluetooth V. 5.0
- DSP technology
- In-call stereo mode

Integrated microphone

Multi-function buttons for music and calls

Call time: 3 hours

Time listening to music: 3 hours

Charging time: 2 hours

Standby time: 150 hours

Charging cable included

Including 500 mAh charging base

Micro USB cable included for charging the base: once the base has finished charging, it can be used without a cable to power the earphones.

The charging autonomy of the base allows you to charge the earphones more than 3 times

Suggestion of use: make sure you have turned on both earphones and have paired them together before connecting them to your smartphone

## Details

EAN: 8018417258558  
Included accessories: Charging cable / Charging cradle
