

USB - Lightning charging kit for cars

SKU: TEKITCRLH21AWFAST

2100 mAh car charger with 2.1 A USB output and Lightning cable for charging and data transfer, length 100 cm

This kit consists of a **car charger and cable with USB – Lightning connectors** and is designed for Apple Addicts who are always around their devices.

Carry your **iPhone/iPad/iPod** with you in the car: charging these devices is quick and easy. Simply insert the charger into the cigarette lighter/12V socket of your car, connecting your Apple device to the power supply using the cable supplied.

You can also use the cable individually to transfer and synchronize data such as photos, videos and music.

Intelligent Charge technology allows this portable charger to provide the necessary energy in a short time. In fact, it takes just 30 minutes for your charge level to reach 50%*.

Always carry this car kit around with you: the essential accessories for facing long journeys without being left with a flat battery.

Features:

- 2,100 mAh car charger
- Intelligent Charge
- 1 x 2.1 A USB output
- Charging cable with USB - Lightning connectors
- Charge level after 30 minutes: 50%*
- Charge type: fast

* the charging times are approximate and depend on the device being charged.
