

Travel charger kit for iPhone and iPod

SKU: TEKITTRLH1AWSTD

Wall charger with USB output, 120 cm cable with USB - Lightning connectors

Go about your daily life without any problems! The *iPhone and iPod travel kit* consists of a wall charger and a cable with USB-Lightning connectors.

The wall charger has a **European plug** and a **USB outlet**: simply connect the dedicated end of the cable to the outlet and the Lightning connector to your Apple device.

This way you'll have a fully charged battery in no time. After 30 minutes, the battery level of your device will be at **25%**.

The cable is also **120 cm** long so it has a wide range of applications.

A handy kit to carry around with you at all times: you will always have a faithful travel companion in your bag or suitcase.

Features:

Capacity: 1000 mAh

EU plug

1 x 1A USB outlet

Smartphone battery level after 30 minutes: 25%*
