

Bracelet with a pedometer, calorie counter, distance monitor, call and message notifications and an alarm clock, black color
Bracelet with a pedometer, calorie counter, distance monitor, call and message notifications and an alarm clock, white color

Keep track of your daily exercise with **Fit Beat Style**, the tracker that monitors the steps you take, the calories you burn and how many hours you sleep.

You can set alarms and receive notifications of calls and incoming messages on your smartphone. This wearable device can also be synchronised with our free **Go Life App**, which is available for iOS and Android devices. Specially developed by SBS, the App allows you to collect and display data recorded by your watch during the day.

Features:

- Bluetooth V4.0
- Rechargeable integrated lithium battery
- Integrated pedometer and calorie counter
- Call and incoming message notifications
- Synchronised with the free **Go Life App**, which is compatible with iOS 8 and later, and Android 4.3 and later.

This product uses the free **Go Life App** for iOS and Android. Download it for free from the [AppStore](#) and [Google Play](#).
